## Q.1. Critically examine the process of appointment of the Advocate General and his functions in Uttar Pradesh. (8 marks)

### Key Concept of The Answer:

Write about the process of appointment of Advocate General, mention its Article, write its functions in the state.

### How to Approach:

**Introduction:** Mention the constitutional status of the Advocate General in 20-30 words.

**Main Body:** Write the process of appointment and its functions in the state in 70-80 words.

**Conclusion:** Mention how it is efficient in dealing with the legal affairs of the state in 20-30 words.

### Introduction:

The Advocate General in Uttar Pradesh is appointed under **Article 165** of the Indian Constitution. He is the highest law officer of the state. In this way, he is complementary to the Attorney General of India.

### Main Body:

The process of appointment of the Advocate General are as follows:

- **Appointment:** The Advocate General is **appointed by the Governor**, who is the chief legal advisor to the state government. The person should be qualified to become a judge of the High Court. He should be a citizen of India, he should have experience of ten years as a judicial officer or 10 years of **practicing** law in the High Court.
- **Tenure:** The tenure of the Advocate General is not fixed in the Constitution. He holds office during the pleasure of the Governor, and he can be removed only by the Governor. His tenure is under the State Government, so when the government changes, the Advocate General can also change.

### The functions of the Advocate General are mentioned below:

- **Advising the government:**
  - To advise the State Government on such legal matters as may be assigned by the President.
  - To perform such other duties of a legal nature as may be assigned by the Governor.
- **Representing the state in court:**
  - To discharge the functions conferred by the Constitution or any other law.
  - It represents the state government in the High Court and Supreme Court.
  - It defends the state's interests and presents arguments on behalf of the government.
- **Upholds the morality of the constitution:**
  - It helps in ensuring the actions of the state government in accordance with the Constitution.
- **Other functions:**
  - It participates in the proceedings of the state's Legislative Assembly and Legislative Council.
  - It oversees legal proceedings involving the state government.

### Limitations associated with the powers and functions of the Advocate General:

- **Lack of independence and impartiality:** The appointment of the Advocate General is a political process and is based on the will of the state government. This raises questions about their impartiality as they are answerable to a political government.

- **Efficiency and tenure:** They hold office during the pleasure of the Governor, and can be removed only by the Governor, which creates instability. This affects the independence and stability of the Advocate General.

## Conclusion:

The role of the Advocate General of Uttar Pradesh is extremely important in the legal affairs of the state. By addressing issues such as political interference, lack of independence, and workload pressure is essential for the impartial and effective functioning of the Advocate General. A transparent appointment process, reforms that ensure impartiality, and prioritizing public interest can make the role of the Advocate General more effective and meaningful.

## Q.2. Discuss the nature of regional parties in Uttar Pradesh. Throw light on their importance in the politics of state. (8 marks)

### Key Concept of The Answer:

Write about the nature of the regional parties in the state, mention some names of the regional parties, write its importance in the politics of the state, give some examples.

#### How to Approach:

**Introduction:** Mention about the political status of regional parties in the state in 20-30 words.

**Main Body:** Write its nature and importance in the politics of the state, give some examples in 70-80 words.

**Conclusion:** Mention its affirmative impact on the development in the state in 20-30 words.

### Introduction:

Uttar Pradesh is India's most populous state and its politics has always been complex and multifaceted. Regional parties have played an important role in this politics. They are pivotal in shaping the state's political landscape. Their nature and importance can be understood through their representation, electoral influence, and role in coalition politics.

### Main Body:

#### Nature of Regional Parties in Uttar Pradesh are as follows:

- **Diverse Representation:**
  - The regional parties in Uttar Pradesh help in catering the needs of different socio-economic groups, communities and regions. **For example**, the **Rashtriya Lok Dal party** has a strong base in the western parts of Uttar Pradesh, especially among farmers.
- **Caste-based:**
  - Many regional parties in Uttar Pradesh are organised around specific caste groups, reflecting the deep social divisions in the state. These parties garner support by representing the interests and aspirations of particular castes or communities. For example, The **Samajwadi Party**, founded by Mulayam Singh Yadav, mainly represents Yadavs. The **BSP**, founded by Kanshi Ram and led by Mayawati, focuses on Dalit interests.
- **Cultural Identity:**
  - Many regional parties emphasize cultural and linguistic identities, particularly in areas with distinct ethnic communities. This focus on regional identity can manifest in demands for greater autonomy or specific state agendas that reflect local traditions and needs.
- **Populist Policies and Identity Politics:**
  - Many regional parties adopt populist policies aimed at their core voter base. This may include promises of subsidies, welfare schemes and reservations for marginalised communities. These parties often focus on identity politics, emphasising the historical marginalisation of their communities and presenting themselves as defenders of their rights.

#### Importance of regional parties in state politics:

- **Impact on state elections:** It plays a central role in UP politics and often dominates state assembly elections. The SP and BSP have alternated in power, either forming majority governments or serving as key players in coalition governments.

- **Balance of power:** Uttar Pradesh is a key state in India's national political landscape, with 80 Lok Sabha (parliamentary) seats. Regional parties play a decisive role in general elections by allying with or opposing national parties such as the Bharatiya Janata Party (BJP) and the Congress.
- **Representation of marginalised communities:** It provides platforms for marginalised groups to assert their political and social power. **For example**, the BSP has been instrumental in empowering Dalits and giving them a voice in UP politics.
- **Highlighting local issues:** It often acts as a balance to the dominance of national parties in the state. They articulate local issues, provide alternative governance models, and prevent national parties from monopolizing the political space. This makes political competition in UP more vibrant and diverse.
- **Electoral alliances:** It plays a key role in forming electoral alliances in UP. These alliances can dramatically alter the balance of power. For example, the SP-BSP alliance in the 2019 general elections aimed to consolidate OBC, Dalit, and Muslim votes to counter the BJP, though they had limited success.

### Conclusion:

Regional parties in Uttar Pradesh play an important role in state politics, influencing the social and political structure of the state. They provide social justice, regional development, and political alternatives. They are integral to the state's political fabric. They not only reflect the diverse identities within the state but also play a pivotal role in governance, policy-making, and shaping the broader national political discourse.

## Q.3. Describe the major stages in the formulation of the Gram Panchayat Development Plan (GPDP) in Uttar Pradesh. (8 marks)

### Key Concept of The Answer:

Write about the Gram Panchayat Development Plan(GPDP), mention its major stages in the formulation, give some examples.

#### How to Approach:

**Introduction:** Mention about the Gram Panchayat Development Plan in Uttar Pradesh in 20-30 words.

**Main Body:** Write its major stages in the formulation with some examples in 70-80 words.

**Conclusion:** Conclude by writing its long term impact in working of administration in 20-30 words.

### Introduction:

Gram Panchayat Development Plan is a one-year plan for the development of the village and basic services. Its objective is to make the Gram Panchayats progressive towards social, economic and personal development and to enable the community to make decisions.

### Main Body:

#### Five stages of Gram Panchayat Development Plan Preparation

1. First stage - Environment Creation.
2. Second stage - Ecological Analysis.
3. Third stage - Identification of needs / problems and priority setting.
4. Fourth stage - Determination of resources for Gram Panchayat Development Plan and development of draft plan.
5. Fifth stage - Technical and administrative approval.

There are five major stages in the preparation of the Gram Panchayat Development Plan (GPDP), which are based on the participation and transparency of the local community. Each stage is important and it is necessary to complete it carefully so that the plan can be made and implemented properly.

#### First stage - Environment Creation

- In this stage, an awareness campaign is conducted so that the rural community can be informed about the plan making process.
- All members of the community are motivated to actively participate in planning by organizing Gram Sabha meetings.
- Members of the Gram Panchayat, Panchayat Samiti, and other concerned officials are trained on planning processes.

## Second stage - Ecological Analysis

- In this step, the local resources of the Gram Panchayat, such as natural, human, and financial resources are assessed.
- The resources available and requirements in the Panchayat area are studied through social mapping and resource mapping.
- The current status of the village such as health, education, water supply, infrastructure, agriculture, etc. is analyzed.

## Third stage - Identification and Prioritization of Needs/Problems

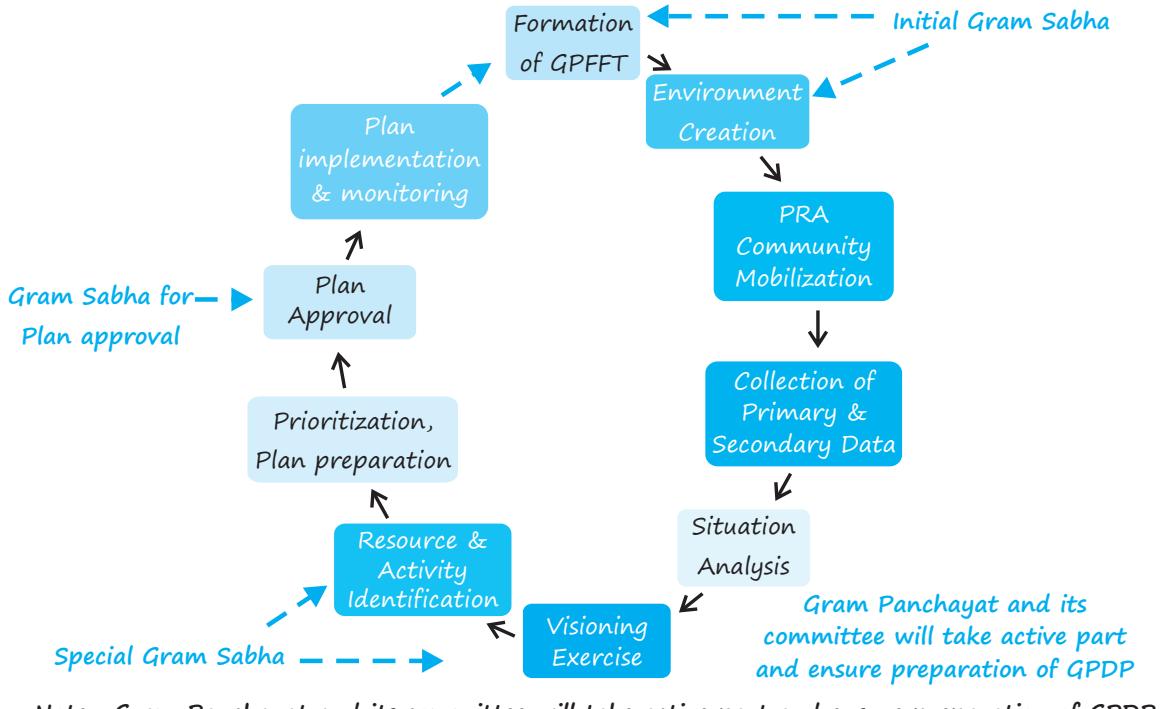

- The major problems and needs are identified through the Gram Sabha with the participation of various social groups of the village such as women, SC, ST, and youth.
- The problems and needs are prioritized so that the most important and immediate issues are addressed first.
- In this phase, priorities are set in various areas of development (health, education, agriculture, water, sanitation, etc.) keeping in mind the views of the community.

## Fourth Phase - Resource allocation and development of draft plan for Gram Panchayat development plan

- In this phase, various plans are developed based on the available resources.
- A draft plan is prepared which includes resolution of all priority issues and its cost estimate (budget).
- Along with this, a plan is made for obtaining resources and implementation using various government schemes and grants. During this, a strategy is made to collect support and resources from various departments.

## Fifth Phase - Technical and administrative approval

- The draft plan prepared by the Gram Panchayat is presented in the Gram Sabha to obtain community consent.
- After this, the plan is sent to higher officials (such as Block Development Officer) for technical and administrative approval.
- The technical departments analyze the feasibility and budget of the plan and approve it.

## Conclusion:

Hence, it is clear that there are Gram Panchayat development plan phases with the help of which development work is done in rural areas. It empowers local communities through participatory planning, ensuring development aligns with village needs. It fosters decentralized governance, enhances service delivery, and improves rural life quality, serving as a model for inclusive and responsive governance across India.

#### Q.4. Highlight the greater possibilities of tourism in Uttar Pradesh.

(8 marks)

##### Key Concept of The Answer:

Write about the diversity and possibilities of tourism in the states, mention some examples, explain these areas and its potential.

##### How to Approach:

**Introduction:** Mention the potential of the state tourism in 20-30 words.

**Main Body:** Write all the tourism potential of the state, explain these examples in 70-80 words.

**Conclusion:** Mention some government initiatives taken to enhance its efforts in 20-30 words.

##### Introduction:

Uttar Pradesh is the state of India with the richest and most diverse cultural heritage, which has immense tourism potential. Uttar Pradesh, full of historical, religious, cultural, and natural diversity, is extremely important for the tourism industry. Uttar Pradesh received more than 37.9 crore tourists from January to October 2023, of which 37.77 crore were domestic tourists and 13.43 lakh international visitors.

##### Main Body:

###### Greater possibilities of tourism in Uttar Pradesh are as follows:

###### • Cultural and Heritage Tourism:

- Known as the spiritual capital of India, **Varanasi (Kashi)** is one of the oldest cities in the world. It attracts millions of tourists for its holy Ganga Aarti, ancient temples like Kashi Vishwanath, and ghats along the Ganges. Places like Kushinagar, Sarnath and Shravasti are very important for Buddhist tourism.
- The **Taj Mahal**, a UNESCO World Heritage Site and one of the seven wonders of the world, is a major global tourist attraction. Along with this, Agra Fort and Fatehpur Sikri attract thousands of history lovers and cultural tourists every year.
- The capital city offers a blend of Mughal and British colonial architecture, such as the Bada Imambara, Rumi Darwaza and the Residency. It is also famous for its Awadhi cuisine and cultural elements such as Kathak dance and Chikankari embroidery.

###### • Religious and Pilgrimage Tourism:

- **Ayodhya**, the birthplace of Lord Rama, is one of the most important pilgrimage sites for Hindus. With the upcoming Ram Mandir, the potential for religious tourism here is going to increase dramatically, attracting millions of devotees from India and abroad.
- **Mathura**, the birthplace of Lord Krishna, and nearby Vrindavan are important religious centers. These cities are famous for their temples, especially the Krishna Janmabhoomi Temple and the ISKCON Temple, and festivals such as Holi and Janmashtami, which attract international tourists.
- **Prayagraj** is famous for the Kumbh Mela, the world's largest religious gathering, held every 12 years. The Sangam (the confluence of the Ganges, Yamuna and the mythical Saraswati rivers) is a major pilgrimage site for millions of Hindus.
- **Dewa Sharif**, located near Barabanki, is an important Sufi shrine and is visited by devotees of all religions, especially during its annual Urs festival.
- The state is focused on tourism development and beautification in major destinations such as Ayodhya, Varanasi, Chitrakoot, Lucknow, Vindhya Chal, Prayagraj, Naimisharanya, Gorakhpur, Mathura, Bateshwar Dham, Garhmukteshwar, Shuktirth Dham, Maa Shakumbhari Devi, Sarnath, etc.

###### • Ecology and Wildlife Tourism:

- The state of Uttar Pradesh has a rich array of eco-tourism destinations, which allow travellers to immerse themselves in the natural wonders of the region. From the dense forests of **Dudhwa National Park** to the serene landscapes of Katarniaghata Wildlife Sanctuary, Uttar Pradesh has a diverse range of ecosystems and habitats to explore.
- Tucked away in the Terai region, Dudhwa National Park is famous for its population of tigers, elephants and rhinoceroses, offering visitors a chance to see these magnificent creatures in their natural habitat. The Katarniaghata Wildlife Sanctuary is home to a wide variety of wildlife, including the elusive Gangetic dolphin, making it a haven for nature lovers and wildlife photographers.

- The **Okhla Bird Sanctuary**, located on the outskirts of Delhi, attracts bird lovers from far and wide due to its diverse bird population and serene environment.
- **Adventure and River Tourism:**
  - The **Ganga river in Varanasi and Prayagraj** offers the possibility of river cruises and water sports like boating and kayaking, which can be developed to attract adventure seekers.
  - These areas offer the possibility of rock climbing, trekking and nature trails with their rocky terrain and forests. Places like Chitrakoot in the Bundelkhand region hold religious significance and natural beauty, attracting both pilgrims and nature lovers.
  - Areas like Agra and Varanasi can be developed for aerial sports like hot air ballooning, which offer breathtaking views of the Taj Mahal and the Ghats.
- **Rural and village tourism:**
  - The heritage village initiative can showcase rural culture, traditional craftsmanship and local cuisine. Tourists can experience village life, learn about agriculture and participate in local festivals. UP has many villages with historical and cultural significance, which can be developed as tourist hubs.
  - The state is famous for its traditional handicrafts such as Banarasi silk, chikankari embroidery and terracotta art. Promoting these crafts through artisan workshops and local craft tours can attract tourists interested in cultural and experiential tourism.
- **Historical and architectural tourism:**
  - Apart from the Taj Mahal, UP has other architectural marvels of the Mughal and Nawabi eras. The UNESCO World Heritage Site Fatehpur Sikri is a well-preserved Mughal city, while the Imambaras and palaces of Lucknow are architectural marvels of the Nawabi era.
  - Forts like Jhansi Fort, Agra Fort can be developed for historical tourism, showcasing the rich medieval history of UP.
- **Government's efforts for tourism development**
  - The state government has launched a new and comprehensive industry-friendly **Tourism Policy 2022** to promote investments in the tourism sector of the state.
  - The establishment of the Eco-Tourism Board for overall development and promotion of eco-tourism projects in the state in coordination with the Forest Department.
  - The **world's longest river cruise journey** of 51 days from Varanasi (Uttar Pradesh) to Dibrugarh (Assam) is being facilitated to promote cruise tourism in the state.
  - Development of heliports in PPP model at five tourist destinations of the state.
  - Re-adaptive use of identified heritage assets like forts, palaces and other structures on PPP model.
  - Development of tourist destinations Bundelkhand, Garhmukteshwar, Shukratal and Naimisharanya as preferred tourist destinations.
  - Making a significant announcement in the budget of the Uttar Pradesh government for the financial year 2024-25, Rs 2, 500 crore was set aside for organizing Maha Kumbh-2025. Additionally, plans were outlined to set up an International Ramayana and Vedic Research Institute in Ayodhya with a budget allocation of Rs 10 crore.

## Conclusion:

Uttar Pradesh has immense tourism potential, which includes religious, historical, natural, cultural, and health tourism. Keeping in mind the rich heritage and culture of the state, the steps and schemes taken by the government are proving to be helpful in establishing Uttar Pradesh as a major tourist destination. This will also give a big boost to the state's economy in the future and increase local employment opportunities.

## Q.5. Explain the security challenges in the border areas of Uttar Pradesh. (8 marks)

### Key Concept of The Answer:

Mention about the strategic situation of the state, write issues involved with the security in the border areas of the state, give some examples, write some taken to deal with the situation.

#### How to Approach:

**Introduction:** Mention about the location of the state and its bordering areas in 20-30 words.

**Main Body:** Write about the security challenges and measures taken to deal with the situation in 70-80 words.

**Conclusion:** Mention some affirmative steps taken to deal with the situation in 20-30 words.

- **Road Construction:**
  - Enhancing the construction of strategic roads along the Indo-Nepal border. Improving road connectivity facilitates the movement of security forces and enhances surveillance capabilities.
- **Comprehensive Integrated Border Management System (CIBMS):**
  - While specific pilot projects of CIBMS might not be exclusive to Uttar Pradesh, the state benefits from the broader implementation of this system. CIBMS involves deploying advanced surveillance technologies like thermal imagers, infrared and laser alarms, ground sensors, and real-time command-and-control systems to secure borders.
- **Border Infrastructure and Management (BIM) Scheme:**
  - Uttar Pradesh benefits from the Border Infrastructure and Management (BIM) Scheme, a central sector scheme focused on infrastructure development along India's international borders. This includes projects such as border roads, floodlighting, and Border Out Posts (BOPs).

### Conclusion:

To deal with these challenges, there is a need for better border management, modern surveillance systems, and increased presence of security forces. Also, it is necessary to strengthen the security system in the border areas with the participation of the community and the local administration. In this direction, the state government decided to form the **Uttar Pradesh Special Security Force (UPSSF)** to protect important buildings and other infrastructure in the state. Which is important to reduce the security challenges existing in the border areas.

## Q.6. Discuss the architectural features of the monuments of Agra. (8 marks)

### Key Concept of The Answer:

Discuss the marvelous architecture of the monuments of Agra, write some of its features and examples.

#### How to Approach:

**Introduction:** Introduce the architecture feature of the Agra in 20-30 words.

**Main Body:** Mention about the different features of the monuments of the Agra in 70-80 words.

**Conclusion:** Write how it helps in enhancing these features in the state in 20-30 words.

### Introduction:

Agra, a historic city in Uttar Pradesh, is renowned worldwide for its splendid Mughal architecture. The architecture of the monuments of Agra reflects a rich blend of Mughal style, which is a confluence of Indian, Persian and Islamic styles.

### Main Body:

#### The architectural features of the monuments of Agra are as follows:

- **Symmetry:** The monument is a perfect example of Mughal architecture's emphasis on symmetrical design, with a central dome surrounded by four minarets.
- **Use of red sandstone and white marble:** Most Mughal monuments use red sandstone and white marble. The Taj Mahal, built with white marble obtained from Makrana, is famous for its purity, symmetry and beauty.
- **Calligraphy and pietra dura:** Calligraphy, pietra-dura work, foreshortening technique, charbagh style gardens and the use of water in the complex for decoration were features of Mughal architecture. This decorative art is visible in the elaborate designs and calligraphy on the walls of the Taj Mahal.
- **Domes and Minarets:** Domes and Arches: Large bulbous domes and pointed arches are prominent in Mughal architecture, reflecting the grandeur of Islamic architectural influence. The central dome of the Taj Mahal is perhaps the most famous example, surrounded by four smaller domes and four slender minarets that accentuate the verticality of the monument.
- **Lattice Work:** Lattice or perforated screens have been used extensively in Indian construction since ancient times. Latticework not only added artistic flair to the magnificent architectural wonders of this golden age of Indo-Islamic architecture. They also served practical purposes, such as allowing air circulation, sheltering from direct sunlight.

- The Chauri Chaura incident had a profound impact on the movement, as Mahatma Gandhi, who had always stressed non-violence, decided to withdraw the non-cooperation movement in response to the violence.

## Conclusion:

Uttar Pradesh's role in the Non-Cooperation Movement was crucial in furthering the cause of independence and shaping the course of the Indian freedom struggle. The active participation, leadership and sacrifices of the people of Uttar Pradesh contributed significantly to the success of the movement by challenging British rule and establishing non-violent resistance as a powerful tool in the freedom struggle.

## Q.9. What are the key objectives of the Uttar Pradesh Data Centre Policy-2021? Discuss.

(8 marks)

### Key Concept of The Answer:

Write about the key concept of the UP Data Centre Policy-2021, mention its key objectives, give some examples.

#### How to Approach:

**Introduction:** Briefly introduce the Uttar Pradesh Data Centre Policy-2021 and its purpose in 20-30 words.

**Main Body:** Write key objectives of the policy, its significance for Uttar Pradesh and challenges and implementation concerns of it in 70-80 marks.

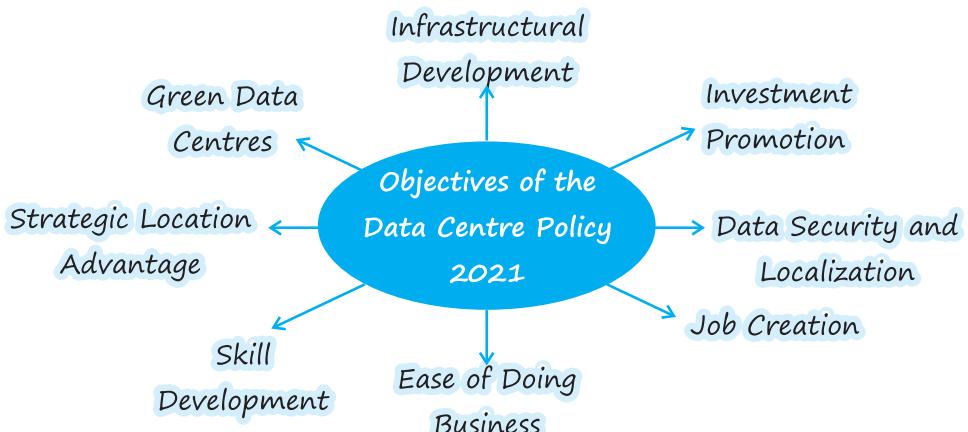

**Conclusion:** The role of the policy in making UP a data hub in 20-30 words.

### Introduction:

The Uttar Pradesh Data Centre Policy-2021 was introduced to position the state as a leading data hub in India. It aims to attract investments, promote digital infrastructure, and enhance data security while fostering job creation and economic growth.

### Main Body:

#### Key Objectives of the Policy are as follows:

- 1. Infrastructure Development:** Establishing at least three data centre parks in UP with world-class facilities.
- 2. Investment Promotion:** Encourage domestic and international investors to establish data centers in Uttar Pradesh by providing incentives, tax benefits, and a conducive regulatory environment.
- 3. Data Security and Localization:** Encouraging compliance with India's data protection framework and ensuring secure data storage.
- 4. Job Creation:** Create job opportunities in the IT sector by promoting the expansion of data centers, which need qualified professionals in fields like data management, network operations, cybersecurity, and facility management.
- 5. Ease of Doing Business:** Offering **single-window clearances** and simplified regulations for faster approvals.
- 6. Green Data Centres:** Promoting **energy-efficient** data centres using renewable energy sources like **solar and wind power**.
- 7. Strategic Location Advantage:** Leveraging **Noida and Greater Noida** as prime locations due to their **connectivity, skilled workforce, and IT infrastructure**.

**8. Skill Development:** Collaboration with **academic institutions** to train professionals in **cloud computing, cybersecurity, and AI**.

### **Significance for Uttar Pradesh:**

- **Economic Growth:** Boosting IT, fintech, and digital service industries.
- **Digital Transformation:** Strengthening UP's **digital governance** and smart city initiatives.
- **Attracting Global Players:** Encouraging investments from **tech giants like AWS, Google, and Microsoft**.
- **Improved Connectivity:** Enhancing **internet speed and digital services** across the state.

### **Challenges and Implementation Concerns:**

1. **Land Acquisition Issues:** High costs and regulatory hurdles in acquiring land for data parks.
2. **Power Supply Demand:** Data centres require **uninterrupted electricity**, which poses a challenge.
3. **Skilled Workforce Shortage:** Need for **specialized training** in cybersecurity and AI-driven data management.
4. **Regulatory Compliance:** Ensuring alignment with **national data protection laws** while attracting foreign investments.

### **Conclusion:**

The **Uttar Pradesh Data Centre Policy-2021** is a strategic move to make UP a data hub and boost digital infrastructure. While its objectives align with India's **Digital India mission**, addressing challenges related to land, power, and workforce will be crucial for its success. Strengthening implementation mechanisms will ensure **sustained economic benefits** and technological advancement for the state.

## **Q.10. How much has the 'Operation Kayakalp' been significant in the efforts of converting the primary and upper primary schools into model schools ? Analyse. (8 marks)**

### **Key Concept of The Answer:**

Write about the objective, merits and challenges of 'Operation Kayakalp' in the efforts of converting the primary and upper primary schools into model schools

#### **How to Approach:**

**Introduction:** Briefly introduce Operation Kayakalp and its objectives in transforming schools in 20-30 words.

**Main Body:** Discuss its key features, implementation, and impact on primary and upper primary schools and provide data, examples, and government reports if available. Mention challenges faced in its execution in 70-80 words.

**Conclusion:** Summarize its significance and suggest ways to enhance its effectiveness in 20-30 words.

### **Introduction:**

Education is the foundation of socio-economic development, and improving school infrastructure is crucial for enhancing learning outcomes. *Operation Kayakalp* is a flagship initiative under the **Samagra Shiksha Abhiyan** aimed at upgrading the infrastructure of primary and upper primary government schools in **Uttar Pradesh**. The program focuses on providing essential facilities such as classrooms, sanitation, drinking water, and digital learning tools to ensure a **conducive and modern learning environment**. By aligning with the objectives of the **National Education Policy (NEP) 2020**, the initiative aims to transform these schools into **model institutions**.

### **Significance and Implementation**

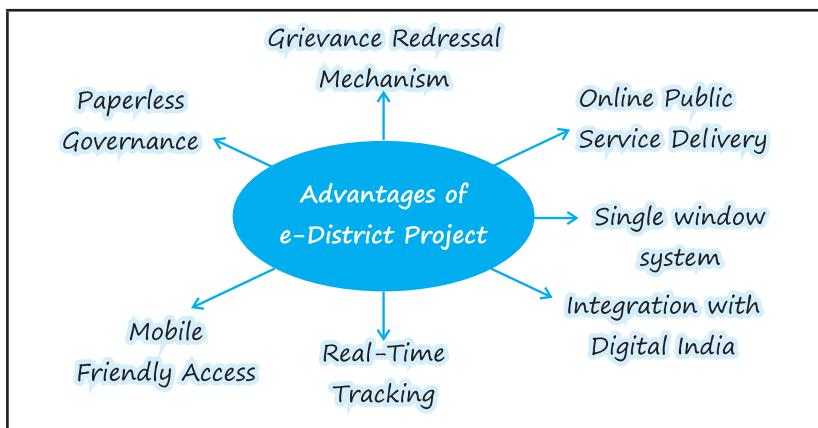

#### **Key Features of Operation Kayakalp:**

1. **Infrastructure Development:**
  - Construction and renovation of **classrooms, boundary walls, and school buildings**.
  - Installation of **proper lighting and electricity connections**.
2. **Smart Learning Facilities:**
  - Introduction of **smart classrooms, digital boards, and e-learning resources**.
  - Provision of **computer labs and internet connectivity**.
3. **Sanitation and Hygiene Improvements:**
  - Building **separate toilets for boys and girls**, ensuring better hygiene practices.
  - Establishing **handwashing stations and clean drinking water facilities**.

## Main Body:

### Key Features of the e-District Project:

- Online Public Services:** Provides birth certificates, income certificates, caste certificates, domicile certificates, pension services, etc.
- Single Window System:** Citizens can access multiple services through a **single online platform** without visiting multiple offices.
- Integration with Digital India:** Linked with Aadhaar, DigiLocker, and CSCs (Common Service Centers) to streamline service delivery.

- Real-Time Tracking:** Users can track the status of applications online, reducing the need for physical follow-ups.
- Paperless Governance:** Encourages digital document submission, reducing paperwork and bureaucratic delays.
- Mobile-Friendly Access:** Services are available on **mobile platforms**, increasing accessibility.
- Grievance Redressal Mechanism:** Citizens can register complaints and seek resolution through an online grievance system.

### Significance for Uttar Pradesh:

- Transparency and Accountability:** Minimizes corruption by reducing direct human intervention.
- Time and Cost Efficiency:** Eliminates the need for multiple visits to government offices, saving time and money.
- Improved Service Delivery:** Faster processing of certificates and approvals due to automation.
- Empowerment of Rural Areas:** CSCs enable people in **remote areas** to access services without needing internet access at home.
- Boost to Digital Literacy:** Encourages citizens to use digital platforms, contributing to a **tech-savvy population**.

### Challenges and Implementation Issues:

- Digital Divide:** Rural areas still face **internet connectivity issues**, limiting the reach of e-services.
- Technical Glitches:** Frequent server downtimes and lack of proper IT infrastructure can cause delays.
- Awareness and Accessibility:** Many citizens, especially the elderly and less educated, are **unaware of online processes**.
- Cybersecurity Risks:** Protection of **sensitive citizen data** remains a concern.
- Language Barriers:** Lack of **regional language interfaces** makes access difficult for non-English and non-Hindi speakers.

### Conclusion:

The **e-District Project** is a **progressive step in e-governance** in Uttar Pradesh, significantly improving efficiency and accessibility in government services. However, **bridging the digital divide**, enhancing **technical infrastructure**, and increasing **public awareness** will be crucial for its full success. Strengthening cybersecurity measures and **expanding mobile-based services** will further enhance its effectiveness, making governance more **citizen-friendly** and inclusive.

### Q.14. How do caste hierarchies and power structure affect access to resources and opportunities in rural Uttar Pradesh? Discuss. (12 marks)

#### Key Concept of The Answer:

Explain the caste system and power structures in rural Uttar Pradesh, its impact on land and livelihood, education and employment, politics etc.

## How to Approach:

**Introduction:** Briefly explain the caste system and power structures in rural Uttar Pradesh in 20-30 words.

**Main Body:** Write Impact on Access to Land and Livelihoods, Influence on Education and Employment, Role in Political and Social Power, Access to Government Welfare Schemes and Gender and Intersectionality Issues in 130-140 words

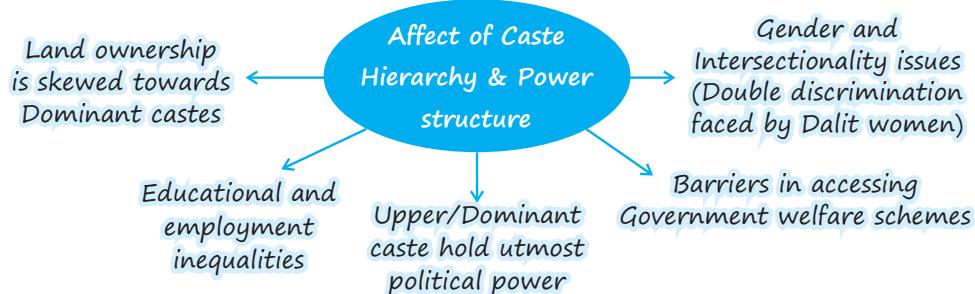

**Conclusion:** Suggest measures to reduce caste-based inequalities and ensure inclusive development in 20-30 words.

### Introduction:

Caste hierarchies play a significant role in shaping the **power structures and social dynamics** of rural Uttar Pradesh. Historically, land ownership, access to education, political representation, and economic opportunities have been concentrated among **dominant castes**, while lower castes, particularly **Dalits and OBCs**, have faced exclusion and discrimination. Despite constitutional protections and affirmative action policies, caste continues to influence **access to resources and opportunities** in rural society.

### Main Body:

#### Impact of caste hierarchies and power structure on Access to Resources and Opportunities:

##### 1. Land Ownership and Agricultural Dependence:

- Land ownership in Uttar Pradesh is highly skewed in favor of dominant castes like Thakurs, Brahmins, and Yadavs, while Dalits (Scheduled Castes) largely remain landless or marginal farmers.
- The zamindari system legacy and land grabbing by dominant groups have reinforced inequalities, limiting Dalits' and Adivasis' access to agricultural resources.
- Tenant farmers and landless laborers (mostly from lower castes) depend on dominant caste landlords for employment, creating economic dependency.

##### 2. Educational and Employment Disparities:

- Many lower caste communities have limited access to quality education, with poor infrastructure and teacher absenteeism in government schools.
- Discrimination in schools, such as separate seating arrangements for Dalit students, discourages education among marginalized groups.
- Upper-caste dominance in private job networks and lack of capital for entrepreneurship restrict job opportunities for lower castes.

##### 3. Political and Social Power Structure:

- Panchayati Raj institutions are often dominated by upper and dominant OBC castes, leading to biased decision-making and fund allocation.
- Dalit sarpanches (village heads) often face proxy governance, where dominant castes control decisions behind the scenes.
- Social boycotts and violence against Dalits, especially in asserting their rights (e.g., contesting elections, temple entry, or accessing water resources), continue in some regions.

##### 4. Barriers in Accessing Government Welfare Schemes:

- Although government programs like MNREGA, PM Awas Yojana, and PDS aim for social equity, lower castes often face bureaucratic hurdles, corruption, and discrimination in their implementation.
- Dominant groups sometimes manipulate beneficiary lists, depriving lower castes of entitlements.

- Awareness about **legal rights and welfare schemes** remains low among marginalized communities, further limiting their access.

### 5. Gender and Intersectionality Issues:

- **Dalit women face double discrimination**—both as lower-caste individuals and as women.
- They are often forced into **menial labor, sexual exploitation, and lack access to education and healthcare**.
- Incidents of **caste-based violence against Dalit women** (e.g., Hathras case, 2020) highlight systemic oppression.

### Conclusion:

Caste-based hierarchies in rural Uttar Pradesh continue to **reinforce inequalities** in access to land, education, employment, and political power. **Affirmative action, effective law enforcement, and social awareness campaigns** are necessary to bridge these gaps. Strengthening **land reforms, reservations in private-sector jobs, and ensuring the fair implementation of welfare schemes** can promote **inclusive development and social justice**.

## Q.15. Describe the role of Uttar Pradesh Police 'Special Task Force' in the prevention of organized crime. (12 marks)

### Key Concept of The Answer:

Write about the 'Special Task Force' of Uttar Pradesh, how it will help in preventing organized crime.

#### How to Approach:

**Introduction:** Mention about the 'Special Task Force' in Uttar Pradesh in 20-30 words.

**Main Body:** Write its role in preventing crime in Uttar Pradesh in 130-140 words.

**Conclusion:** Conclude how it is curbing crimes in the long run in the state in 20-30 words.

### Introduction

Uttar Pradesh Police Special Task Force (STF) plays a crucial role in combating organized crime in the state. Established in 1998, the STF was created to address the rising challenges posed by criminal syndicates involved in activities such as kidnapping, extortion, smuggling, and terrorism.

### Main Body:

#### Role of Uttar Pradesh Police 'Special Task Force' in preventing organized crime are as follows:

##### Intelligence Gathering

- The STF focuses on collecting intelligence about organized crime networks, particularly mafia gangs. This involves developing extensive human and technical intelligence systems to monitor criminal activities.

##### Operational Coordination:

- The STF collaborates closely with district police and other law enforcement agencies to execute targeted operations against identified criminal groups. This coordination ensures a unified approach in tackling organized crime.

##### Surveillance and Monitoring:

- Utilizing advanced technology, including GPS tracking and cyber surveillance, the STF conducts surveillance operations on suspects to gather evidence and prevent criminal activities.

##### Counter-Terrorism Efforts:

- In addition to addressing organized crime, the STF is also involved in counter-terrorism operations, identifying and neutralizing potential terror threats within the state.

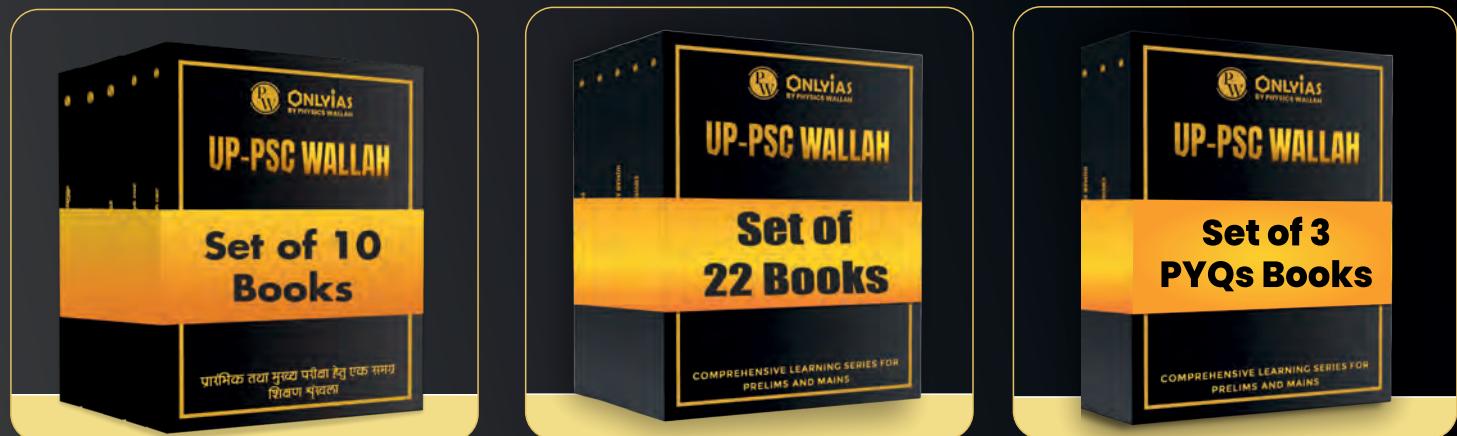

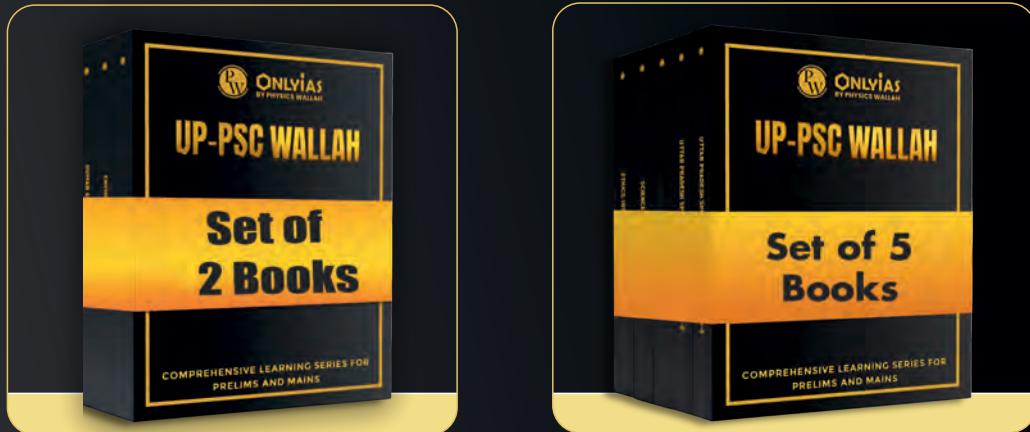

##### High-Profile Arrests:

- The STF is tasked with apprehending notorious criminals involved in serious offenses, ensuring that high-profile cases receive the attention they require for effective resolution.

##### Public Safety Initiatives:

- The unit plays a significant role in maintaining public safety during major events, such as elections and religious gatherings, by ensuring security measures are in place to prevent disruptions.
